New Supplier Evaluation System

Below is a link for the New Supplier Evaluation System that Procurement will be using. We have redesigned this evaluation system to capture an accurate rating of all of the suppliers for HISD. We are asking you to *please* take a minute of your time to complete this survey and provide some feedback. For our records, it is important that you have the supplier's name and vendor number ready. Please feel free to fill out as many as you need to cover your supplier base.

Your time and efforts are greatly appreciated!
