### Troubleshooting

#### I can't log into an HISD computer.

Make sure that in the username field students are entering their username with the domain and a backslash (not a forward slash): **STUDENT\jsmith100**

#### When I try to log into the HUB I get an error message that my account is not recognized.

Send an email message to [helpdesk@houstonisd.org](mailto:helpdesk@houstonisd.org) and have them check that your network account is set up properly.
