Information & Feedback Sessions

All teachers and administrators are invited to attend a session to learn more about T-TESS, our state's new appraisal system for teachers. We'll investigate how this system compares with our locally developed system, TADS, while having the opportunity to ask questions and give your feedback regarding our district's model for teacher appraisals in the future.

- Learn about T-TESS & how it compares to TADS
- Ask questions about both systems
- Give feedback regarding next steps

No registration required – all sessions are open to teachers and administrators
