

PROJECT EXPLORE

Educate • Empower • Experience • Elevate

HELPING MIDDLE SCHOOL STUDENTS DISCOVER THE PATH TO THEIR FUTURE!

PROJECT EXPLORE provides high-impact college and career programming for identified caseload students and their families through:

COLLEGE AND CAREER EXPLORATION

Empower students to explore focused programs of study through research and field trips.

1:1 ADVISING

Weekly one-on-one advising to prepare and guide students through their secondary and postsecondary education.

CONSIDER
THIS...

SECONDARY PLANNING

Help students explore both high school offerings and career options.

MAP

POSTSECONDARY PLANNING

Develop college and career readiness mindsets with students.

EDUCATE

- Students will participate in early college and career instruction.
- Students will understand the importance of using Khan Academy to prepare for not only the PSAT and SAT, but also core subject areas.
- All parents and guardians will attend a college and career readiness meeting, hosted by an advisor.

EMPOWER

- Students will identify career clusters that match their personal interests.
- Students will be knowledgeable of the endorsement selection process and its impact on secondary options.
- Students will learn how to identify the postsecondary education and skills needed to pursue fulfilling careers.

EXPERIENCE

- Students will receive ongoing, personalized career advising.
- Students will participate in both college tours and industry visits.
- Students will complete a college and career readiness project.

ELEVATE

- Students will understand why the PSAT is important, what college credit options are available in high school, and which education, career, and military pathways are available after high school.
- Students will be able to identify why the distinguished level of achievement is necessary.
- Students will complete the endorsement and postsecondary portions of their personal graduation plans.
